The copy of the full pre-app response forms an appendix to the submitted planning statement. In summary, the principle of the development is acceptable. However, a concern was raised by the consevation officer who opined that large gardens; on part of which the development
would be sited; is characteristic to the settlement of Sherborne and its loss through subdivision to facilitate the construction of an independent
dwellinghouse would have an adverse impact on the Sherborne Conservation Area and Brook House (non-designated HA). An ancillary
building it this location would however be acceptable. As asserted herein, this view has been found to be unreliable through further research and substantive evidence.

With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
