

Catchment Sensitive Farming Support for Countryside Stewardship Options and Items that Require CSF Approval

To be completed by Catchment Sensitive Farming (CSF) for Capital Only or Mid-Tier applicants wishing to apply for options and capital items requiring prior approval from CSF.

This form must be completed by CSF, FaLMA supplier, or the Partner to CSF prior to the application deadline and must be submitted by the applicant to RPA with the completed application form.

Please note: Approved items below should not exceed stated applications limits.

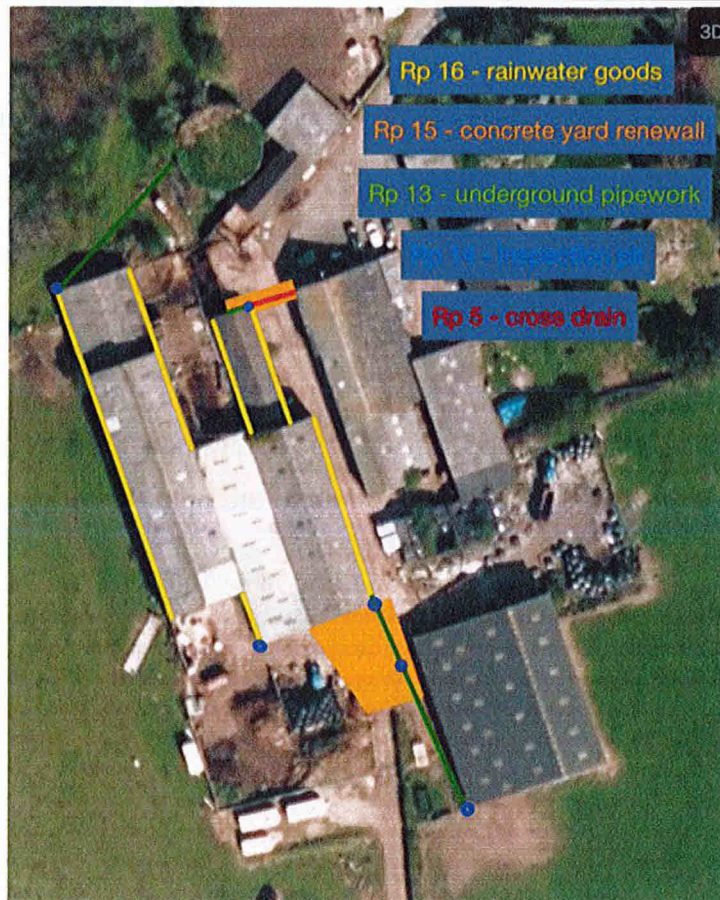

Applicant name	WJ & EA Woodhouse
Farm name	Gibsons Farm, Longmoor Lane. Nateby, Garstang, Preston, PR3 0JB
CPH number	21/158/0048
SBI Number	106442394
WFD Management Catchment	Wyre
River Basin District	North West
Approval Commissioned by:	
CSF name	Olivia Tindale
Delivery Coordinator name	Csf.northwest@naturalengland.org.uk (Kathryn Kelsall)
Form completed by on behalf of CSF:	
Name	
Email Address	
Phone Number	
Additional comments	
Pollutant pressures and priorities in the catchment, as targeted by CS & CSF:	
How the approved options/items relate to the pollutant pressures (justification):	
<p>Farm description: Beef and Sheep Farm over 100 acres of Grass and Spring Barley. 25 Suckler Cows, 100 bought in Rearing Calves, 100 lambing sheep and 15 pigs. All stock kept in cubicles/pens on FYM. Dirty yard water runs into Slurry tower to the North of the yard and the Muck Midden lies to the South. Water from the yard runs into Ains pool and further onto the River Wyre. The closest SSSI is Winmarleigh Moss which lies just under 4km to the North West of the Farm.</p>	
<p>Pollutant priorities: All water quality issues combined – High Faecal Indicator Organisms Priorities – High</p>	
<p>Pollutant pressures on farm - Air and Water: Although the yard does not run a slurry based system there is a large area of yard and roof water that is entering the system and putting pressure on storage capacity. Due to this storage does not meet the four month requirement due to clean water entering stores.</p>	
The following options are approved by CSF for inclusion in a CS Capital Only Agreement:	

Catchment Sensitive Farming Support for Countryside Stewardship Options and Items that Require CSF Approval

Option	OS Map Ref	Field Ref	Max agreed total to be applied for	Unit of Measure (ha, m, m ² , units)	Additional notes to be included in agreement document
RP15			435	M2	
RP5			1	unit	
RP14			6	unit	
RP16			170	m	
RP13			75	m	

Any other supporting information or documents – include a map or confirmation you have discussed locations of approved options/items

Locations of options on yard

Additional requirements:

Planning Permission – Any concreting and other building works will either require evidence of planning permission or confirmation from the local authority that it is not needed for the proposal. You should seek advice on this before applying, though you do not need to submit this evidence until you make your first claim for funding.

Public Right of Way -If any works affect a Public Right of Way you will need to contact the Highways Authority to discuss your proposal and seek any necessary consents or support.

Catchment Sensitive Farming Support for Countryside Stewardship Options and Items that Require CSF Approval

Justification to support or decline approval:							
<p>Replacing broken, damaged and missing guttering and directing it into clean water drains will significantly reduce the amount of clean water coming of roofs and running into dirty water storage thus significantly increasing capacity. Separating off clean water yard areas and ensuring the clean water is directed away from dirty water drains will also help with this issue thus giving the farm a larger window to store over the closed period.</p>							
Provisional score*:							
High	5000	Medium		Low		Zero	
Form completed by:							
Name	Olivia Tindale						
Signature	[REDACTED]					Date	28/09/2022
Countersigned by CSF where applicable:							
Name							
Signature						Date	

END OF DOCUMENT TO BE SENT TO APPLICANT

<p>*Additional Information including justification for the provisional score, only to be completed by FaLMA adviser (for internal use <u>only</u> not to be shared with the applicant):</p>
