Dear Sir/Madam

Re Application PP12747110 - Tree pruning/removal

With reference to your letter dated 26th January 2024, thank you for enclosing the attached paper tree application form which I have completed to the best of our abilities and apologies as I thought the application had been made via the Planning Portal..

Your records may show that we submitted a previous application in 2022, however at the time we didn't proceed any further with the application, however almost 2 years on we feel that we need to make a new application and take some action..

I have enclosed previous correspondence and hope this will support our application.

If you require any further information then please use my email [REDACTED]

I look forward to hearing from you.

Yours sincerely
[REDACTED]

Mark Winterton
