Email address (optional):

5. What Are You Applying For?

Are you wishing to carry out works to tree(s) in a Conservation Area (CA)? Yes

No

Are you seeking consent for works to tree(s) Subject to a Tree Preservation Order (TPO)? Yes

6. Tree Preservation Order Details

Do you know the title of the Tree Preservation Order (TPO)?

No

If Yes, please provide the title of the TPO:

7. Identification Of Tree(s) And Description Of Works

Before answering these questions you might find it helpful to consult a tree surgeon to clarify what needs to be done.

Please provide a full and clear description of:

- The proposed works
- The trees affected including species and location

Trees protected by TPO should be numbered according to the First Schedule of the Tree Preservation Order. For example – T3 oak; two beech and one birch in G2.

You must identify the trees on a sketch plan showing the location in relation to building(s), named roads and boundaries.

Please state the reference number you have given the plan (as described above): Quercus robur in the rear garden of number 62. Crown reduction of up to 2m West and South side and up to 3 in North and East crown to suitable live lateral branches to reduce wind loading and leverage and sail area of canopy.

8. Trees – Reasons For Works

This section only needs to be completed if you are seeking consent for proposed works to trees under a Tree Preservation Order (TPO).

Please state the reasons for carrying out the proposed works on the tree(s):

Ganoderma ssp. fungal fruiting body present in between Eastern buttresses with localised reduced resonance test around the area. Further investigation via microdrill assessment found decay within the low stem and basal region. Tree has large open historical storm damage wound 5m high on South tensile side of stem, just below main crown formation. Bees noted in this location suggesting stem hollowing. High potential for Laetiporus sulphureus presence in upper stem wound. North eastern crown creating high leverage loads to the NE.

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the documents specified.

Health or safety of the tree(s) – e.g. it is diseased, fears that it might break or fall:

Yes

If Yes, information required – report by a tree professional (e.g. arboriculturist, horticultural adviser).

Alleged subsidence damage:

No

If Yes, Information required: Full report by an engineer or surveyor, together with one from a tree professional – to include date and description of property damage; sub-soil type and shrinkage potential; location of any roots found and their identification; history of ground and building movement through a distortion survey and/or level or crack monitoring over suitable period; other vegetation in the vicinity and its management since discovery of the damage.

9. Trees – Additional Information

Are you providing additional information in support of your application?

Yes

If Yes, please provide the reference numbers of plans, documents, professional reports etc. in support of your application:

Microdrill Test Results carried out by James Pinder

10. Application For Tree Works – Checklist

Please use this checklist to ensure that the form has been completed correctly and that all relevant information is submitted. For works to trees protected by a Tree Preservation Order, failure to supply sufficiently precise and detailed information may result in your application being rejected or delay in dealing with it.

In particular, you MUST provide the following:

The original and 3 copies of a completed and dated application form.

The original and 3 copies of a sketch plan showing the location of all tree(s).

The original and 3 copies of a full and clear specification of the works to be carried out.

The original and 3 copies of a statement of reasons for the proposed work.

Evidence in support of statement of reasons.

In particular, you should provide:

The original and 3 copies of a report by a tree professional (e.g. arboriculturist or horticultural adviser) if your reasons relate to the health and/or safety of the tree(s). The original and 3 copies of a report by an engineer or surveyor, together with one from a tree professional (arboriculturist) if you are alleging subsidence damage.

For works to trees in conservation areas, it is important to supply precise and detailed information on your proposal.

You may, therefore, wish to provide the following:

The original and 3 copies of a completed and dated form, with all questions answered.

The original and 3 copies of a sketch plan showing the precise location of all tree(s).

The original and 3 copies of a full and clear specification of the works to be carried out.

Whether the trees are protected by a TPO or in a conservation area, please indicate which of the following types of additional information you are submitting (the original and 3 copies of each need to be provided):
Photographs.

Report by a tree professional (arboriculturist) or other.

Details of any assistance or advice sought from a Local Planning Authority officer prior to submitting this form.

11. Declaration – Trees

I/we hereby apply for planning permission as described in this form and the accompanying plans/ drawings and additional information.

I confirm that, to the best of my knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the persons giving them.
