

PROJECT:	Redevelopment at No. 268 High Street, Dovercourt CO12 3PD
SUBJECT:	Confirmation re: Superfast Broadband Statement
DATE:	15 <sup>th</sup> February 2024
REV:	-

MAJCHER  
ARCHITECT

This is a confirmation letter in relation to 'superfast broadband' connection to be enclosed with the planning application ref. 24/00207/FUL.

Permission is sought for an upward extension to the existing building to create 1 storey and provide 2 no new flats, and upgrades to the existing external amenity to include of new refuse and cycle stores.

We confirm that the Applicant intends to have both proposed residential units served by a 'superfast' broadband\* (fibre optic) connection.

It will be directly accessed from the nearest British Telecom exchange and threaded through resistant tubing to enable easy access to the fibre optic cable for future repair, replacement or upgrading.

We will aim to obtain a connection with the fastest speed possible for that area of Dovercourt.

Ends.
