Biodiversity net gain

Householder developments are currently exempt from biodiversity net gain requirements.

However, this exemption still needs to be confirmed by the applicant or agent when making a householder planning permission application.

I/we confirm that the proposed development, if granted permission, would be exempt from the general biodiversity gain condition.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'general biodiversity gain condition'.

However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

Details of the pre-application advice received

Having visited the site I can now confirm that whilst the roof form proposed is not ideal, and a pitched roof would still be preferable, given the set-back position of the dwelling, limited public visibility, the siting of the existing garage and having regard to the variety of designs in the area it is concluded that it would be difficult to sustain a reason for refusal on either of the proposed schemes.

I did assess the other elements during my visit and as I suspected there would be no concerns with regard to the porch or the fenestration changes to the front and sides.

In addition to the above we did discuss the possibility of rendering the exterior of the dwelling and changing the colour of the window frames. Given there are existing examples of render in the immediate area and there is much variety in the materials exhibited on surrounding properties it is considered that this would successfully integrate into the street scape to comply with Policies CS11 and CS12 so no objections are raised.

It is suggested that a single householder planning application be submitted for all various alterations/extensions your clients wish to make.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
 No

- Yes
 No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
