Details of the pre-application advice received

To summarise, the proposal would likely comply with LHW4, E5, and T2, however there is insufficient details to confirm if the proposal would be acceptable in line with Policy E1 and there are concerns that the proposal would result in harm to the heritage assets contrary to Policy E9. The harm caused to the heritage assets needs to be sufficiently justified, the structural repairs and interventions need to be clearly demonstrated, including detailed drawings and explanation as to why there are no alternative options.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
