Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

- Yes
 No

Please describe the activities and processes which would be carried out on the site and the end products including plant, ventilation or air conditioning. Please include the type of machinery which may be installed on site:

Activities and Processes:

The site will primarily be used for food manufacturing processes, including baking, cooking, and food preparation. These activities involve the use of industrial ovens, cooking equipment, and food processing machinery. The end products include a range of handmade gourmet savoury and sweet pies, quiches, and ready meals.

Plant, Ventilation, and Air Conditioning:

The site will be equipped with specialised plant and machinery tailored for food manufacturing processes. This includes industrial ovens, mixing and blending equipment, refrigeration units, and packaging machinery. Additionally, a dedicated ventilation and air conditioning system will be installed to ensure proper air quality, temperature control, and odour management within the facility.

Specifically, a new extraction and filtration system with an external flue will be installed to mitigate cooking odours and ensure compliance with environmental regulations. This system is designed to effectively capture and neutralise odours generated during the cooking process, enhancing air quality both within the facility and its surrounding environment.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
