TREE SURVEY

<u>Client Contact Details:</u> Alec Cazas, The Flat, Baffins Lane, Chichester, West Sussex. PO19 1UA. Mob: [REDACTED] Email: [REDACTED]	<u>Date Report Sent:</u> 01 st March 2024 <u>Surveyor:</u> Dr Gavin Walker
---	--

Rear Garden:

T1. SYCAMORE TREE (*Acer pseudoplatanus*): This large tree is growing well but is now overhanging the neighbouring properties and is a potential hazard in high winds.

It is recommended to reduce the height by 3-4m and reduce the span by 2-3m. This will leave an approximate height of 18m and approximate span of 15m. Very careful tree surgery is required with various garden features, the fence and public path. There is also a historic listed wall and an electricity substation nearby.

Additional Notes:

All work is undertaken by fully trained NPTC professionals. Public Liability & Employer's Liability insurance is provided up to £5 million.

Our experienced and fully trained arborists work to high arboricultural standards and will ensure that all work will comply with BS3998:2010.

All brash & branches to be disposed of sustainably at Woodhorn Green Waste Site at Oving. Clear up all arisings and leave the site clean from all debris.

Tree surgery, hedge cutting, garden clearance, forestry & woodland management
