 These Are Not Construction Drawings

This drawing should not be scaled. It is the contractors and his sub-contractors responsibility to check all dimensions and information on site before starting work.
 All work to be carried out in accordance with current building regulations. This drawing to be read in conjunction with structural engineers drawings. This drawing is copyright and must not be copied without consent.
 Tolerances, for drawings other than planning drawings, construction method as indicated. Construction as indicated. Building regulations as indicated. Drawn lines within +/- 5%.
 Planning drawings rely on information from third parties, tolerances vary but are usually within 7%. For existing older buildings representation is made in a manner which best illustrates the proposals.
 For construction, Structural Engineers Drawings will take precedence where hidden changes are made and agreed changes for enabling construction.
 For all work to existing structures take measurements on site.
