Frances Davenport's advice to AWP - 19.01.2024 (Via Email).  "At this moment in time North Yorkshire Council is reviewing its position on the use of Section 19 application's for cases such as this, where a variation is sought to the approved plans of a Listed Building Consent. There is some debate over whether the use of a S19 application in circumstances such as this is lawful or not. These discussions are ongoing across the Council, and are likely to go on for some time. This means that the LPA cannot guarantee a timely decision if you were to submit a S19 application, as it would likely held up at the validation and decision stage, while North Yorkshire Council's position on such applications is determined.  At this stage would be submit a new Listed Building Consent application. This would require little variation from the documents submitted for the previous application, and therefore would be quite simple to prepare. The description of development and heritage statement should be altered to reflect the amended scheme, and the amended plans should be submitted in place of the original plans".  The Listed Building Consent would be subject to the standard 8 week decision timeline. I appreciate that this is longer than an amendment under Section 19 would take, however, due to the internal discussions surrounding the use of Section 19 applications outlined above, I believe this would be the quickest course of action to secure permission."  AWP note that works identified in Approval 22/02089/LB has been undertaken prior to this application, which is submitted to reconcile the non-installation of shop fittings and the installation of the Rear Final Escape/ Fire Door, as determined by the Fire officer & building Control.
Authority Employee/Member  With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member  It is an important principle of decision-making that the process is open and transparent.  For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.  Do any of the above statements apply?  Yes  No
