Comment Reasons:

Comment: I am pleased to see that the new plans are in keeping with area but I am concerned about my loss of light given that the lleyladi are so tall in the neighbouring garden. I would like them to be removed as part of this development.

The noise dust and disruption will be a major factor while this is being constructed and our adjoining fence is already swaying significantly and so needs to be shored up. The fence was erected by the neighbour a few years ago with the posts being on the side of the old bungalow.

I would hope that all work is only carried out during the week and that I can have my house cleaned outside once construction is completed.
