I conclude therefore, that whilst there would be no objection in principle to the development of the site for residential purposes there are a significant number of issues, as set out above, to fully consider prior to submitting a formal planning application for the development of the site.

Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
