Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class M, MA, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

- Yes
 No

Above ground level, is the current building less than 3 storeys in height?

- Yes
 No

Was the current building constructed between 1 July 1948 and 5 March 2018?

- Yes
 No

Is any part of the land or site on which the building is located:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area; or
- within 3 kilometres of the perimeter of an aerodrome

- Yes
 No

The proposed development

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

- Yes
 No

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

- Yes
 No

Would the proposed extended building's:

- height exceed 30 metres (as measured from ground level to the highest part of the roof, not including plant); or
- roof be more than 7 metres higher than the highest part of the existing roof (not including plant, in each case)

- Yes
 No

Will all the proposed new dwellinghouses be flats (i.e. separate and self-contained premises constructed for use for the purposes of a dwellinghouse)?

- Yes
 No

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the [nationally described space standard?](#)

- Yes
 No

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

- Yes
 No

Related operations and works

Will any proposed engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses include:

- Provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- Anything other than works within the existing curtilage of the building to strengthen existing walls; strengthen existing foundations; or install or replace water, drainage, electricity, gas or other services

- Yes
 No

Will any works for the replacement of existing plant or installation of additional plant on the roof of the extended building reasonably necessary to service the new dwellinghouses include:

- Installation of plant where none currently exists; or
- Increasing the height of any installed plant (i.e. as measured before and after from the lowest surface of the roof on the principal part of the building)

- Yes
 No

Will any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases) extend

- Yes
 No

Will any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses:

- extend beyond the curtilage of the existing building;
- be situated on land forward of a wall forming the principal elevation of the existing building; or
- be situated on land forward of a wall fronting a highway and forming a side elevation of the existing building

- Yes
 No

Fire Safety

Where the building (existing or as proposed) exceeds certain limits, legislation has been put in place to ensure the adequate consideration of fire safety by the Local Authority (including its decision to grant prior approval) and other relevant parties.

The Existing Building

Is the existing building 18 metres or more in height (as measured from ground level to the highest part of the roof)

- Yes
 No

The Proposed Development

Would the proposed development result in a building that contains one or more dwellinghouse, and is:

- 18 metres or more in height (as measured from ground level to the highest part of the roof); and/or
- Contains 7 or more stories

- Yes
 No

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

For the erection of a one storey extension to the existing building to provide 5 x new flats.

Please describe the effects of the proposed development on the external appearance of the building

Refer to submitted accompanying design statement.

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

Refer to submitted daylight and sunlight statement.

What will be the net increase in dwellinghouses?

5

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated

Please refer to submitted transport report.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated

NA

Please provide details of any contamination risks and how these will be mitigated

NA

Please provide details of any flooding risks and how these will be mitigated.

Flood zone 1

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of on the amenity of the existing building and neighbouring premises including, but not limited to, overlooking, privacy and the loss of light and how these will be mitigated:

Please refer to submitted accompanying design statement

In the case of upwards extensions this includes neighbouring properties which are not contiguous with the proposed development site

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

NA

These are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.
