Details of the pre-application advice received

I appreciate that you are leasing the land from WBC but the professional opinion of the Planning Department is that there is not presently a documented lawful B8 use for this area of land. I entirely understand why my colleagues may have assumed this land has a B8 use but this is not actually borne out by the planning history for the site. My current understanding is that part of the site is being sub-leased to Mister Concrete and that there may be an intention to sub-lease the other part of the site to a van company. Please also note that the containers/structures that I understand are present will (due to the length of time they are likely to be present and their degree of permanence) be considered 'buildings' in Planning terms and so permission will also be required for them.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

No

- Yes
 No

Certificate Of Ownership - Certificate B
