Invoice description

Job number: 24346 Work completed on: 14/12/2020

Boiler Fault - Oil

Attend to investigate why boiler has locked out - customer turned on hot water and the boiler locked out.

Found faulty motorised valve. Replaced motorised valve and also replaced Programmer as requested by customer. Set up programmer. Checked operations of motorised valve, programmer room and cylinder stat.

Engineer has advised that the ball valve requires replacing. Price to replace ball valve would be £71.00 + VAT
