Details of the pre-application advice received

In response to your email below, I can advise that whilst not a pre-commencement condition, condition no. 3 does require formally discharging. Additionally, the materials information provided on the application is not sufficiently detailed. The condition requires details and finishes and therefore we would need makes and photographs of the proposed materials as a minimum. If reclaimed materials are proposed, then appropriately labelled photographs of these would be sufficient.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:
