My original application in 2005 (05/AP/1760) was not correctly titled and this is evident by the plans accompanying the original application and the grant. I have been renting the property and this is evidenced by tenancy agreement, bank statements showing rental income, etc. There are two HMO application with the newest issue few weeks ago and council tax has always been paid on time by DD
I am now in the process or refinancing the property in fear of repossession and the new lender see a problem with the description and this correction became urgent. I was not aware that this may cause problems and unless I get this done very quickly, I may lose the property in the interest of the bank
