This Message originated outside your organization.

Dear Fay

I apologise for the omissions in my submission.

1. I have updated all existing and proposed floor plans and elevations to include
 - a) an associated 1:100 scale bar
 - b) the paper size which is A4 in all cases
 - c) I have updated the existing east and west elevation to show the conservatory.
2. I can confirm I am in agreement with the amendment to the wording of the proposal description.

Kind regards

Clare Benda
