Wild wonders on the doorstep

For the children of Horden there's an exciting world of wild wonder and joy to discover, right on the doorstep, a short stroll away, through flower-rich grassland.

What does the coast mean to you? Swimming at sunrise? A place to pause and ponder? Rock pool rambling? Seal and dolphin spotting? Bird watching? A jog, a hike or flying a kite?

Look on the map to find the children's drawings of their own wildlife highlights.

From Horden to...
Horden Coastline is only the start of an adventure. So where will you go?
Did you know there's a long-distance footpath that you can follow all the way around the coast of England? It's called the King Charles III England Coast Path and it's about 2700 miles long.
Don't worry, you don't have to walk it all in one go! You can explore as little or as much as you like. Look out for the way markers that guide you to Horden Coastal walks and beyond.

SeaScapes Coastal App
Why not enhance your enjoyment of our local areas and parks from your phone, by downloading the SeaScapes Coastal App? Discover lots of interesting places across the coast on your doorstep.
Scan the QR code to find out more.
Thank you to the children of Creative Youth Opportunities for helping to create the artwork for this map panel.
