Biodiversity net gain

Householder developments are currently exempt from biodiversity net gain requirements.

However, this exemption still needs to be confirmed by the applicant or agent when making a householder planning permission application.

I/we confirm that the proposed development, if granted permission, would be exempt from the general biodiversity gain condition.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'general biodiversity gain condition'.

However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

Details of the pre-application advice received

Previous application with this design got refused due to the proximity to the neighbours tree. This tree has now been removed by the neighbour. The advice from the previous planning application was that the scheme was OK but it was only the tree that caused the refusal. See extract of reasons for the refusal;

Planning permission refused in accordance with the plans and specifications for the reason(s) set out below:-

1) The Local Planning Authority considers that the proposal, due to the positioning of the proposed rear extensions in close proximity to a nearby mature tree in overlap with its canopy and likely RPA, would likely lead to significant harm to this tree, if not its likely future loss, to the detriment of its positive wider functions. This is considered to be harmful to visual amenity and character, to biodiversity, and wider climate change and air pollution objectives. The proposal is thus considered to be contrary to the wider aims and objectives of policies P10, P12 and G9 of the Core Strategy, policy ENV2 of the Shadwell Neighbourhood Plan, saved policies GP5 and LD1 of the Unitary Development Plan, policy LAND2 of the Natural Resources and Waste DPD, policy HDG1 of the Householder Design Guide SPD and guidance within the Council's Guideline Distances to Trees from Development Document, BS5837Trees in Relation to Design, Demolition and Construction document, and the NPPF.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
- No

Is any of the land to which the application relates part of an Agricultural Holding?

- Yes
- No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
