

Planting Plan for P1484/23/FUL | Relocation of field gate access  
and installation of wooden field gate

**Highlighted areas** above represent the planting of over 200 native hedge whips along the southern and eastern boundaries to the field, to fill gaps and restore hedge to its complete and natural form

**Species:** Combination Hazel and Holly

**Size of Planting stock:** Holly – 1.2m, Hazel – 1m

**Density spacing:** Approx 50cm apart, interspersed with existing hedgerow

**Cultivation:** Pot grown

**Protection:** Hollies are staked, Hazels – none required

**Method of weed control:** Manual weeding as part of current garden maintenance
