DESIGN, ACCESS AND PLANNING STATEMENT

Application for Change of Use of Private Swimming Pool
To Private, Commercial and SEND Uses

Quarryside Farm, Main Street, Skidby, East Riding of Yorkshire, HU16 5TG

NOVEMBER 2023

Prepared by:-

Michael Glover LLP Chartered Rural Practice Surveyors Globe House, 15 Ladygate Beverley HU17 8BH Prepared on behalf of:-

Sportsability Training Ltd Registered Office Sequoia, Ings Lane, Dunswell Hull, East Riding of Yorkshire HU6 0AL <u>Design and Access Statement: Change of Use of Private Swimming Pool to Commercial</u> <u>and SEND uses – Quarryside Farm, Main Street, Skidby, East Riding of Yorkshire, HU16</u> <u>5TG</u>

1.0 Introduction

- 1.1 This Design, Access and Planning Statement has been prepared by Michael Glover LLP, Chartered Rural Practice Surveyors, of Globe House, 15 Ladygate, Beverley, East Riding of Yorkshire, HU17 8BH, and explains the background to and nature of the planning application by Sportsability Training Limited for commercial and SEND use of a private swimming pool located at Quarryside Farm, Main Street, Skidby, HU16 5TG, in the ownership of Lord & Lady Haskins, of the farm business, Quarryside Farm Limited, based at Quarryside Farm in Skidby. The location of the pool and car parking area to the fore is shown on the plan at Appendix 1 and a block plan from OS data is attached at Appendix 2.
- 1.2 The subject swimming pool is a private pool associated with the farm dwelling at Quarryside Farm Limited and was built some 30 years ago to assist Lady Haskins who has had a long-term disability and is reliant on a wheelchair.
- 1.3 The pool has been disused in recent years due to health issues until Lord Haskins was approached by Sportsability Training Limited who wished to use it for low intensity private swimming lessons and lessons associated with small groups from both Special Needs schools and disadvantaged children's groups.
- 1.4 It is perhaps appropriate to note that Lord and Lady Haskins receive no pecuniary advantage in allowing Sportsability Training Limited to provide this service, Sportsability Training Limited simply meeting the costs of heating and running the pool.

2.0 The Subject Property

- 2.1 The pool is based at Quarryside Farm, No.46 Main Street, Skidby, and comprises a brick built, fully enclosed swimming pool measuring 10.76 metres x 4.46 metres with a step area off, within a building of an overall length of 19.5 metres x 7.9 metres with bay projections, as shown on the attached layout plan at Appendix 3.
- 2.2 The pool building comprises a brick walled and slate roofed purpose-built pool, plant room and changing facilities building attached to a pantile roofed car port which is also available for use for parking at times of pool use.
- 2.3 Annotated photographs of the building, both internal and external, are shown at Appendix 4
- 2.4 As indicated above, the extent of the application area for change of use is shown edged red on the plan at Appendix 1, based on OS digital data.
- 2.5 Aerial views of the building matrix are shown within the photographs at Appendix 4.

3.0 Proposed Use of the Facility

- 3.1 The facility is currently being used for the purposes set out in the application and this is a retrospective application for the continued use of the facility by Sportsability Training Limited.
- 3.2 This Design, Access and Planning Statement expands upon the detail set out on the application form.

4.0 **Swimming Lessons**

4.1 Swimming lessons for parent funded private and also for school/SEND customers take place from 4pm-6.45pm (4 x half hour lessons), Monday and Tuesday, 11.45am-1pm (2 x Mothers and babies) and 4pm-7.30pm (5 x half hour lessons) Wednesdays.

Thursday10.00am-11.30am (2 x Mothers and babies) and 4pm-6.45pm (4 x half hour lessons).

Fridays 9.00am-11.30am (3 x Mothers and babies) and 4pm-6pm (3 x half hour lessons). 6.15pm-6.45pm (1to1 half hour lesson). 7pm to 7.30pm (Adults session 1to1).

Saturday: 12 noon to 5.15pm includes 3 x 1to 1 half hour lessons, 1 x Mothers and babies and 5 x half hour lessons.

A maximum of 6 children attend each session. Currently, some 4-5 children attend for the evening sessions.

Inclusive sessions are the aim but, for practical reasons, regular dedicated lessons for SEND pupils are arranged each week.

4.2 The private lessons subsidise the lessons for SEND children whose charges to their educational body are levied at cost. The SEND swimming arrangements are for Monday and Wednesday mornings between 10am and 12 noon and on Wednesday afternoon between 1pm and 3pm (St Annes School, Welton).

On Thursday afternoon, Christopher Pickering School send pupils between 1pm and 3pm.

These SEND groups operate with a maximum of 8 children with staff and the attendees are generally young persons with high levels of physical and mental disability. There are typically 1-2 staff to a pupil with a maximum of 8 per batch.

- 4.3 Sportsability Training Limited staff attend as lifeguards and, of course, the school staff are in attendance to also provide the high levels of supervision necessary for these children learning to swim.
- 4.5 The children from the schools, as SEND pupils, are brought to the swimming pool in a minibus. The traffic issues have been the focus of significant attention by Sportsability Training Limited and there is a 15 minute gap between sessions and attendees are not allowed to arrive more than 5 minutes before the lesson and have to leave within 5 minutes afterwards. Pupils arrive swim-ready and leave with ponchos or tracksuit clothing so that there can be a quick turn-around of pupils, both before and after the

lessons. This procedure has been adopted to eliminate previous problems with onstreet parking.

- 4.6 Within the roadside yard area, to the fore of the swimming pool, the whole space is made over to the swimming groups and the individual parking bays are marked out with cones and chains (to be replaced with line marked parking bays) and with parking bay signs numbered and allocated to visitors. The importance of ensuring that traffic does not cause a problem within the village is taken very seriously. Parents and teachers/care assistants attending receive automated text messages and there is normally an attendant to supervise parking. There are 6 car parking spaces available and 2 that can cater for minibuses. It is acknowledged by Sportsability Training Limited that parking did become an issue, but the revised parking arrangements will, it is believed, resolve any previous conflicts.
- 4.7 The private lessons occurring during the weekday evenings, as set out at para 4.1, which allow for a maximum of 6 children, provide the funding necessary to support the SEND teaching and the Haskins family are fully supportive of the activities at their pool.

5.0 <u>Use of Private Pools</u>

- 5.1 Sportsability Training Limited identified the potential use of private pools, given the difficulties of accessing public pool provision, particularly at times when the teaching offered is for pre-school children, young low ability swimmers and, occasionally, adults who lack water confidence and need a small private non-intimidating environment to gain confidence and swimming experience.
- 5.2 Many of the SEND children that access the classes are children on varying scales of the autistic spectrum, with disabilities such as ADHD, Cerebral Palsy, Fredrichs Ataxia, deaf, non-verbal and Down Syndrome children.
- 5.3 The service seeks to be inclusive and Sportsability Training Limited work closely with the schools that visit to ensure that the needs of their students are being met. In that connection, please see the supportive representations from these organisations/individuals that benefit from the provision attached.
- 5.4 The private lessons that are undertaken tend to be for families with children that have anxiety issues and lack of confidence and who would not be comfortable attending a public swimming baths.
- 5.5 It has not been possible for Sportsability Training Limited to hire council facilities and private health clubs naturally tend to severely limit availability to protect their paying members. East Riding as a whole has very few school pools and there are significant limitations on availability if they can be hired. Winifred Holtby School, pool re-opened to the public in September 2022 and Sportsability Training Ltd have bookings with them as follows:-

Mondays and Wednesdays - Advanced swimmers using the 25m pool for development.

Tuesdays: The hydrotherapy pool is used for SEND parent and sibling sessions.. Venues have been generally restricted which has given rise to Sportsability Training Limited seeking under-used or unused private facilities.

- 5.6 Sportsability Training Limited were delivering lessons at the Mercure Hotel, Willerby for three evenings per week, but were given notice to leave as their pool hire policy changed in 2022. Lord Haskins kindly stepped in to offer his own pool, the operational cost being met by Sportsability Training Limited.
- 5.7 Sportsability Training Limited also assist in training swimming teachers and also have a member of staff who is qualified to tutor the RLSS Lifeguarding course.
- 5.8 The use of this pool allows Sportsability Training Limited to prioritise the needs of the community by offering at-cost swimming for those needing help because of a nervous condition or lack of confidence and provide cost effective pool access.

6.0 <u>Development of the Parking Arrangement</u>

- 6.1 It is acknowledged that there were issues associated with on-street parking originally, but steps have been taken by the directors of Sportsability Training Limited to address this and this has been achieved by staggering the period between lessons so that arrivals are not clashing with departures and the transport of SEND pupils, in particular, by minibus limiting the vehicle requirements for parking.
- 6.2 It is believed that what has been undertaken in terms of rationalising the need for vehicle parking has indeed resolved previous issues associated with on-street parking.
- 6.3 The maximum class sizes also assist dramatically in limiting the number of vehicles that are needed to park at the property.

7.0 Additional Proposed Uses of the Pool

7.1 Sportsability Training Limited is in the process of becoming an accredited training centre for the Swimming Teachers Association. There is currently a national shortage of swimming teachers and the pool has the potential for use to provide the necessary training for an STA qualification.

8.0 Skidby Pool as a Community Asset

- 8.1 Sportsability Training Limited seek to provide an environment for children and adults of all abilities to access swimming lessons and water safety knowledge. Skills in the water is important for water safety.
- 8.2 Swimming lessons would be provided for the community, addressing all ages and abilities in order to provide water safety education.

9.0 Planning Policy Markers

9.1 The East Riding Local Plan, adopted in 2016 and currently subject to review through the Examination in Public, contains, at Policy C1, a policy entitled 'Providing Infrastructure and Facilities'. Paragraph A indicates that proposals for new and/or improved infrastructure and facilities would be supported where they enhance the quality and range of services and facilities. Whilst not particularly addressing change of use, Paragraph B of that policy indicates that new development would be supported where it is adequately serviced by infrastructure and facilities. Where necessary, the phasing of new development would be linked to the delivery of new or improved infrastructure and facilities.

- 9.2 In this instance, the only requisite infrastructure that we can see is necessary in order to allow the site to be utilised in the way intended is the provision of safe and adequate parking and it is considered that the steps taken by Sportsability Training Limited to deliver this is being met by a combination of improved parking arrangements at the pool and timely scheduling of lessons.
- 9.3 Policy C2 of the East Riding Local Plan 2016 is entitled 'Supporting Community Services and Facilities'. Paragraph A of that policy indicates that, in order to maintain and improve access to a range of services and facilities in the East Riding which meet the needs of residents, proposals will be supported that: (1) retain or enhance services and facilities and/or (2) provide for new services and facilities including, where appropriate, mixed use and multi-purpose facilities.
- 9.4 Paragraph D indicates that the views of the local community and relevant Town or Parish Council will be important in order to establish the significance of and demand for individual facilities and develop solutions to enable their retention. The East Riding Local Plan Update Strategy Document includes Policies C1 and C2. These are reproduced in much the same format for the 2016 Local Plan and remain part of the council's policy, which, having regard to the stage of the Local Plan, should be afforded significant weight.

10.0 Local Community Support

10.1 Sportsability Training Limited have collected supportive representations from a very significant number of people and families benefiting from this facility and copies of these submissions are attached to this Design, Access and Planning Statement.

ST ANNE'S SCHOOL, SIXTH FORM COLLEGE AND RESIDENCE.

Boothferry Road, Hessle, HU13 9AR, Headteacher: Hendi Longman Tel: 01482 667379 enquiries@stannes.eriding.net

Dear Suzanne,

My name is Jeremy Kielly and I am the assistant head of the sixth form at St Anne' School and Sixth Form College. My class, SF1, accesses your swimming pool every Wednesday afternoon and have been doing so for about a year now. Every Monday, we have pupils from our EYFS provision as well as pupils from a class within lower school that have access to your pool making the impact of your facility one that is school wide for us.

There are several reasons why these sessions are valuable for our pupils. To name a few, they provide opportunities for our pupils to get out into the community. Given the complex needs of many of our pupils, this is something that they have limited access to with families oftentimes struggling to have their children engage within the community. It provides our pupils with valuable time outside the classroom, to have opportunities to self-regulate by doing something they enjoy along with expending energy that would be difficult to do within a typical classroom environment. It gives our pupils the opportunity to work on such functional skills as getting dressed and undressed to using personal hygiene facilities that they aren't used to and therefore better preparing them for the big wide world. Our pupils have the opportunity to experience sensory play within water and to work on water confidence given their individual ability levels. These are just a few reasons why your venue is one that is highly regarded by us here at St Anne's.

I have been teaching many years and have taken classes out swimming to a number of venues. There are a few reasons that stick out within your setting that I feel are invaluable. These include the fact that you are a private pool. As stated above, some of our pupils have very complex needs and you are able to accommodate this as you do not have to worry about other clientele that use the facility when we do. You also provide a lifeguard, something that isn't always provided by other venues. To say that we would be disappointed with losing your service would be an understatement. We would like nothing more than for a continued partnership between St Anne's and Sportsability at Skidby, given the experiences you provide our students as well as the opportunities to develop our students academically, functionally and psychologically.

Kindest regards,

Jeremy Kielly

To whom it may concern,

I am writing to you in my capacity as the Head Teacher of Christopher Pickering Primary School to offer my unconditional support of Sportsability Swim School and their pool situated on Main Street, Skidby.

Swimming is a life skill that goes beyond being a recreational activity. It is an essential component of a well-rounded education, contributing to the physical, social, and emotional development of our pupils. This swimming pool has been instrumental in fostering water safety awareness and teaching swimming skills to children who find swimming a challenging skill to accomplish. We have used the pool in Skidby for several months to deliver intensive catch-up sessions for our children in Years 6 and 5 who cannot yet swim 25m.

Without venues like Skidby, providing these additional catch-up lessons for our children would be unachievable due to the lack of pools in the Hull area, and council-led education lessons taking priority. Since September, we have had 9 children progress to swimming 25m and perform a safe self-rescue which means that 93% of our Y6 cohort have now met the expected standard for swimming laid out by the 2014 National Curriculum for PE. We have a second group mid-way through their block of lessons with many more children to follow.

This pool is an incredibly valuable resource for Christopher Pickering Primary School and we wholeheartedly hope we are able to continue our swimming programme.

Faithfully,

Jane Marson Headteacher Christopher Pickering Primary School.

Subject: Planning Application

Letter of support from Stephen Parnaby OBE for a planning application for change of use Swimming Pool at 46 Main Street, Skidby.

I fully support the application for change of use by Sportsability Swim School at 46 Main Street, Skidby. I have been a resident of Skidby parish for almost 40 years, currently living close to the application site and have no issues with the proposals, in fact I welcome the plans in the village and rural setting. The facilities that will be offered are much needed yet unfortunately scarcely available in the area, this fills a void in a sensible location which has little or absolute no detrimental impact to neighbours, residents or businesses in the immediate area.

Sportability offer a range of facilities across the area, this location is key to the success by providing a range of swimming lessons across the board particularly with SEND and underprivileged members of society. Their values are to be commended and I hope this application will be fully supported.

As a former local Councillor and current Honorary Alderman of the East Riding of Yorkshire I would have fully supported this during my period of tenure, I can think of no planning reasons why this should not be granted.

I hope my comments are helpful from a local perspective and I am delighted to add my support.

Hon Alderman Stephen Parnaby OBE, 2 Forge Place, Skidby HU16 5UL

						I would like to express my support for the 'change of status' planning application for Skidby Swimming Pool.
						This is an amazing and unique facility for the village and its value should not be underestimated.
						My grandson Lennon aged 8 was terrified of the water 18 months ago and was too scared to take part in lessons, which are traditionally held at large local authority pools and clubs in
						The 'set up' at Skidby is perfect for children lacking in confidence. Lessons are delivered in small groups of 4 or 5 children by two dedicated teachers. Their reassuring and skilled inte
						I live in the same street as the venue in the village, and walk to the lesson every week. I have never witnessed any congestion around the vicinity of the pool during the past 18 month
						The sessions have been adjusted to ensure there is no overlap of people leaving and arriving at the same time.
						Any reports you may have received regarding 'bad parking' are not related to the venue. Main Street is located in a very old village, of which many houses have no drives. I would su
						I cannot emphasise enough what value this facility provides within the community and as a Skidby resident myself, I fully support the application.
						Sent on behalf of Ruth & Stuart Twidale, Lennon Hallissev and his parents.
