What was the original application type?

For the purpose of calculating fees, which of the following best describes the original development type?

Householder development: Development to an existing dwelling-house or development within its curtilage

Other: Anything not covered by the above category

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Raise the flat roof ridge by 150mm to ensure a seamless integration with the eaves of the side extension overhang, enhancing the overall aesthetic coherence of the structure. Internally, the increase in height will allow the height of aperture above the glass balustrade in the hallway (looking into the new extension) to be the height of a standard door

Please state why you wish to make this amendment

There are concerns of large steel works required, which would lower the headroom when the user stands adjacent to the balustrade within the existing building. Therefore an increase of 150mm will allow sufficient headroom and space for services and steels.
