Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Erection of single storey extension to left side of existing detached home. This will become a new kitchen and family living area.

The external side area is currently a large garden space.

The extension will not come close to the left side boundary so no building work is being done up to the party line other than remodelling the remaining garden landscaping to form a small patio space and kitchen garden area on our side after the construction works.

The rainwater drainage will be connected into an existing rainwater drain from the main roof.

The foul water will be connected into the existing foul system where there is an access chamber located in the rear garden.

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

We are the homeowners of the existing property which includes this large garden area to the left side, and we believe the works fall under permitted development rights.

The current kitchen is too small for modern purposes and the current lounge area is quite compact. It will allow us to make a good sized kitchen and additional family space with the future benefit being that afterwards the existing kitchen area will become a downstairs wc and utility room utilising the existing foul drainage line which serves the existing kitchen and bathroom layout.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

Information about the proposed use(s)

Select the use class that relates to the proposed use.

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We have had the plans drawn up which we are advised fall within current permitted development rights.
In addition to these rights and as a neighbourly courtesy, we spoke with the neighbours to the side and also opposite, and showed them the plans which were well received with no stated negative comment or objection.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Yes

No

Interest in the Land

Please state the applicant's interest in the land
