## Description of Proposed Works

Please describe the proposed works

The proposal includes a 4 metre single storey rear extension to the existing rear wall of the properties original kitchen building. The extension will have a flat felt roof with 2nr low profile flat roof lights and an aluminium bifolding Dorset with small parapet surround total height circa 3.2m

To the rear of the back wall of the house a new 2nr storey rear extension is proposed the extension will extend by 1.2 metres from the existing rear wall of the bathroom inline with the neighbouring properties.

Above the first floor a new 'piggyback' style extension is proposed to raise the rear roof height by 1.3 metres in height and to be set back from the front elevation by a minimum of 4 metres the existing chimney stack will be retained and utilised. The increased height will not exceed the level of 91a and as such will maintain the street scape of the height. To the front the architectural barge board detail will be retained. The roof will incorporate a number of velux style roof lights and 2nr dormers which will not over look either neighbours this is to ensure sufficient head heights in the new bathroom and stairwell. The impact of the roof extension from the road will be minimum owed to the stepping back.

All new windows beyond the rear bifolds will be of double glazed sliding timber sash returning the property back to what was anticipated as part of the existing property.

To improve the thermal efficiency of the building as a whole new 100mm thick external wall insulation is proposed to the left hand facade and front elevation. But not the right wall where insulation will be installed internally. To consider the aesthetics of the property all new windows and doors will be bright forward to reduce the visual impact of the insulation and the architectural features which although not as original will be recreated to match the existing.

The property entirely will be rendered including the EWI to replicate a smooth render and decorated in a pale beige to match many properties on the street.

Many of the proposals have carefully considered the area and many of the proposed works have been approved recently including to number 84. It is therefore the works is considered approvable.

Has the work already been started without consent?

Yes

No

## Biodiversity net gain

Householder developments are currently exempt from biodiversity net gain requirements.

However, this exemption still needs to be confirmed by the applicant or agent when making a householder planning permission application.

I/we confirm that the proposed development, if granted permission, would be exempt from the general biodiversity gain condition.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'general biodiversity gain condition'.

However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

## Site Visit

 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent  
 The applicant  
 Other person

## Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes  
 No

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff  
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes  
 No

## Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes  
 No

Is any of the land to which the application relates part of an Agricultural Holding?

Yes

No

## Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner\* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding\*\*

\* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

\*\* "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

**NOTE:** You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
