Description of the Proposal

Please note in regard to:

- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning guidance on fire statements or access the fire statement template and guidance</u>.
- **Permission In Principle** If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or <u>view government planning guidance on determination periods</u>.

Description

Please describe details of the proposed development or works including any change of use

We would like to have a change of use for this piece of land from Agricultural to a Parrot /bird sanctuary and rescue . The field has not been farmed for at least 25 years plus and would not be farmable due to the poor soil conditions . We will only need to use the top third of the the land for our proposal and use portable building IE containers portacabins to a maximum of 12 single story of which we would clad with natural colourd materials so would not impact the look of the area and also wire Mesh aviaries. Any further buildings in the future if needed would have a further application put in . The site would not be open to the public except to local people who have already shown an interest in getting involved so would not have any real impact on use of the lane . We have spoken to many local people down Maltings Lane and in the village and they have all been approving of what we would be doing on the land . Where the containers will be sighted is not overlooked or visible from anywhere around the sight so will not impact on views people may have . We already have good access to the sight from Maltings Lane and any vehicles would be parked inside the gates and not on the road.

The site would be protected from CCTV cameras Gates, fences and Natural boarders already in place IE hedges and trees.

On the plans submitted i have not put any locations of the proposed portacabins / containers only the area as we will take advise as where to place them on the site visit
