Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Demolition of side dormer and rear chimney and construction of roof extensions and rear dormer

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

Single Dwellinghouse

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

B.1 Development is not permitted by Class B if –

permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q of Part 2 of this Schedule (change of use)

Not applicable

(b) any part of the dwellinghouse would, as a result of the works, exceed the height of the highest part of the existing roof

No part of the house once enlarged exceeds the height of the highest part of the roof of the existing house.

(c) any part of the dwellinghouse would, as a result of the works, extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway

No part of the roof extensions extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse

(d) the cubic content of the resulting roof space would exceed the cubic content of the original roof space by more than -

- (i) 40 cubic metres in the case of a terrace house, or
(ii) 50 cubic metres in any other case

The additional roof space created does not increase the volume of the original roof space by more than 50 cubic metres for this detached house.

Conditions

B.2 Development is permitted by Class B subject to the following conditions -

the materials used in any exterior work shall be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse

The flat roofs of dormer windows will not normally have any visual impact and so the use of materials such as felt, lead or zinc for flat roofs of dormers will therefore be acceptable.

The face and sides of a dormer window will be finished using materials that give a similar visual appearance to existing house. Window frames will also be similar to those in the existing house in terms of their colour and overall shape.

(b) the enlargement shall be constructed so that –

(i) other than in the case of a hip-to-gable enlargement or an enlargement which joins the original roof to the roof of a rear or side extension –

(aa) the eaves of the original roof are maintained or reinstated; and

(bb) the edge of the enlargement closest to the eaves of the original roof shall, so far as practicable, be not less than 0.2 metres from the eaves, measured along the roof slope from the outside edge of the eaves; and

(ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension, no part of the enlargement extends beyond the outside face of any external wall of the original dwellinghouse.

All of these conditions B.2 (b) are complied with.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes

No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

The agent

The applicant

Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

Yes

No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Yes

No
