

The Old Church, Mockbeggar Lane, Ibsley

CCTV Installation

#### HERITAGE STATEMENT

- *Please refer to full heritage report in the associated planning and listed building applications for a full assessment of the building.*
- The building has already been broken into once, and the local police have stated it is a target for theft and vandalism due to its prominent position and vulnerable boundaries.
- The cameras are 'mini', and will not be noticeable when fixed at high level. Black is chosen to blend into the black fascia boards and gutters.
- There will be minimal change to the elevation. Only two cameras are proposed. Installed to try and better protect the building.
