Dear Sir / Madam

TOWN AND COUNTRY PLANNING ACT 1990
 PLANNING (LISTED BUILDINGS & CONSERVATION AREAS) ACT 1990

Address: 20 Manchester Street, London, W1U 4DJ,

Proposal: Replacement of front elevation windows with Laminated timber sash windows; refurbishment to first, second and third floor flats; and associated works. (Linked with 24/01740/LBC)

Thank you for your application received on 18 March 2024. I am writing to inform you that your application is incomplete for the following reason(s):

- 1 Please provide a sustainable design statement.

INFORMATIVE

The statement should provide a proportionate level of information or commentary to demonstrate how the design has positively addressed the sustainable design principles set out in Policy 38D in the City Plan 2019-2040. This should include design implications arising from related policy in particular Policy 34B (urban greening), Policy 36 (Energy) and Policy 39 (Heritage). It should set out how consideration has been given to the energy hierarchy and cross reference other relevant documents including the BREEAM assessment, SuDs strategy, energy strategy, heritage statement and water calculations where provided and relevant. Any proposal involving demolition of a building should include a statement setting out why it is not possible to retain and improve the existing building in line with Policy 38, cross referencing the whole life cycle carbon analysis where required.

Where heritage assets are affected, this should cross reference the Heritage

Statement. If incorporated within the Design and Access Statement, it should be a distinct and clearly identified separate section.
