

FFW03 W07

front elevation - 1:20

first floor plan - 1:50

external view

current condition:

estimated late C20 casement window

painted shut, unable to open

adjacent shutters in good condition, to be lightly sanded and repainted

timber window frames showing signs of rot & ironmongery worn

expanding foam has previously been used to stop draughts, secondary glazing has also been fitted

proposed replacement unit:

2 light 1 window unit to be replaced with like for like timber unit

replacement unit to contain leadwork to match existing

slimline double glazing to remove the need for any further secondary glazing

internal views
