Subject: Re: Invalid letter for your planning application ref P24/00680/F

Importance: High

This email has been sent from outside the Council

Phishing is increasingly coming from hacked partner accounts that were previously trusted, including potentially other councils

If you're unsure whether this email is genuine, don't click on links or attachments and raise a support ticket using HALO ITSM

For the attention of Sophie Romain

Good Morning Sophie

Apologies for delay we have been away.

Thank you for your email and letter.

Item 1 - I will pay the extra fee today.

Items 2 and 3 - elevation and floor plan drawing attached.

Item 4 - Statement of Significance attached.

Item 5 - Tree survey - I would like to point out that there is in excess of 300 no. trees that have been planted on the cricket pitch over the years, these are professionally maintained, the tree to be removed is a very insignificant small cherry which I believe would not in any way be detrimental to the site/area.

I would point out that the application for practice nets (application no. P22/06520/F) removed a medium Beech tree, a tree survey was not required for this because of the surrounding numbers.

I would also point out that a professional tree survey fees are between £400.00 and £900.00, for a Cricket Club that is run from contributions fund raising and volunteers this is a vast amount, we would be grateful due to the amount and care of trees on the site if this activity could be waived, would be pleased to discuss.
