Thank you Pete – please disregard my voicemail as I have now received the updated information for your application via the portal. I can see that you have extended the red line to the highway, please could you confirm that all of the land within the red line provided is owned by you, ie. no shared ownership or land owned by Highways etc.

Kinds Regards

Lucy

Morning Lucy,

I've gone into the planning portal and there is a message on the top to say that..

'Your application has been submitted and is with the Local Planning Authority. You can make an amendment to the application if it has not already been determined or withdrawn. This will create a new version of the application which will need to be resubmitted'

Apologies but how can I resend for you to see the changes?

Pete

Good evening,

I've now amended the boundary lines from Blue to Red, we do have shared access but we also have access directly from the highway boundary to our driveway without affecting any neighbours.

Good Morning,

Thank you for sending the requested drawing. Regarding the site location plan, the site is shown outlined in blue, this is required to be red. Please could you amend and re-send this plan accordingly.

Additionally, the planning team has noted that access should be up to the adopted highway. In this case it appears that access may be over a shared access / driveway. Please could you confirm if this is the case? If so the red line of the site location plan would need to be extended to the highway, notice served on the landowners accordingly, and certificate B (attached) completed.

Kind Regards

Lucy
