Good afternoon, Mia,

Thank you for your email.

Below is the brochure for the casement aluminium windows that we are proposing.

These are from a supplier that I have dealt with in my professional career, as well as close friends of whom do a lot of construction work within the conservation areas of North Norfolk.

If further pictures are required, I can arrange this alternatively I can have a window frame delivered to the appropriate offices for further inspection.

Kind regards,

Mary Lambert
