TRAVEL PLAN

DA/23/01276/COU: Material change of use of existing buildings for importation, processing, cold-storage, packaging and dispatch of produce including ready-meals/produce (retrospective)

**COURT LODGE FARM, DALE ROAD,
SOUTHFLEET, DA13 9NQ**

March 2024

1. INTRODUCTION

- 1.1** This Travel Plan is prepared on behalf of Mr M. Gedney of D & M Gedney Ltd of Court Lodge Farm Dale Road Southfleet pursuant to condition 2 of the planning permission granted on 7 February 2024 for application DA/23/01276/COU for the following development;

Material change of use of existing buildings for importation, processing, cold-storage, packaging and dispatch of produce including ready-meals/produce (retrospective).

- 1.2** The buildings to which the permission relates are located within the main farmstead area at Court Lodge Farm. The approved use occupies a range of buildings, with the total floorspace extending to approximately 3000 m². The same buildings and land as the application buildings and land within the yard have been used for the importation, cold storage, processing, packing and distribution of agricultural and non-agricultural produce for many years. The farmstead is accessed from Dale Road via the existing road that serves the farmstead. The site area including the access road as far as Dale Road extends to approximately 1.5 ha. The site's location is shown at **Appendix One**.

2 TRAVEL PLAN STATUS AND TIMESCALES

- 2.1** The applicant has agreed to these Travel Plan arrangements, which demonstrate the importance of, the environmental, health and commercial benefits of increasing the use of more sustainable modes of travel as an alternative to the private car. The client is committed to developing this programme with the support of Dartford Borough Council.
- 2.2** The applicant's tenants PrepKitchen have identified A Travel Plan Co-ordinator. On receipt of the results of each set of surveys, the Travel Plan Coordinator will carry out a comprehensive annual review of the Travel Plan, the purposes of which will be to measure the success of the Travel Plan and identify the potential for improvements.

3 SITE TRAVEL OPPORTUNITIES

The Site and Sustainable Travel

- 3.1** The NPPF accepts that development in the countryside may not be close to good public transport. A review has been undertaken to assist in reviewing alternatives to travel by private car.
- 3.2** Current means of access to the site is from Dale Road which connects Hook Green Road (at the centre of Southfleet village) to the B262 Station Road which in turn connects to the Strategic Road Network (A2) at the

Pepperhill Junction. Dale Road and Station Road are subject to the National Speed Limit 60mph for cars and 50mph for HGV's. The site is signposted from the Pepperhill Junction on the local road network. Dale Road is not lit and has no dedicated footways along it and is around 6m in width for much of its length, there are spaces suitable for passing along its length.

- 3.3** No alterations to the existing access to the site are proposed. This was purpose-built several years ago and has appropriate vision spays in either direction at the point where it joins Dale Road.

Public Transport – Rail

- 3.4** The rail network is largely operated by Southeastern with Thameslink services also operating on the Dartford to Rainham line via Gravesend. Southfleet is not directly located on the existing rail network, there are however three railway stations located within 2.75 miles (4.5 km) of the application site.

- 3.5** Longfield Station is on the London Victoria to Ramsgate line and located some 4.3km from the site. The other nearby stations include Ebbsfleet International (4.2km away) where connection can be made with Southeastern High Speed Services, Northfleet Station (also served by Thameslink) is located 4.5km from the site.

- 3.6** Longfield Station is served (in each direction) by two trains per hour Monday to Saturday and 1 train per hour on Sundays. Ebbsfleet International is served by 5-6 trains per hour in each direction Monday To Saturday (some trains are routed via Gravesend and some via Ashford) with 3 per hour on Sundays. Northfleet is served by 3 trains/hour (including Thameslink services) in each direction Mondays to Sundays. Timetables (up-to-date at time of submission) are attached at **Appendix Two**.

Public Transport – Buses

- 3.7** Southfleet village is currently served by two bus routes operated by two operators Arriva (Service 489) and Go-Coach (Service C1). The respective timetables (up-to-date at time of submission) are attached at **Appendix Three**. Both routes have stops on the B262 Station Road close to the northern end of Dale Road and in Southfleet village adjacent to The Ship PH. Both serve Longfield Railway Station.

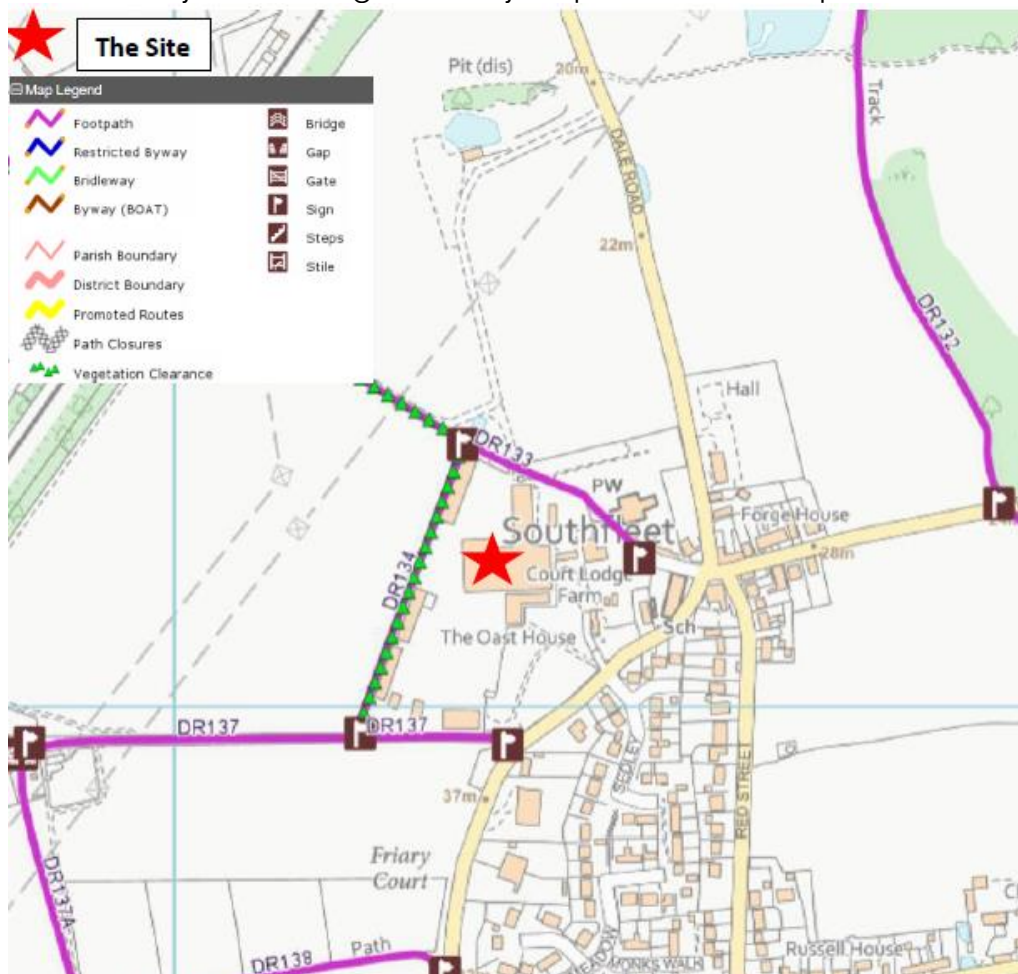

- 3.8** Service 489 provides 6 connections per day Monday to Friday from Longfield Station passing through Southfleet. One journey connects Longfield Station, leaving at 07:44 and The Ship PH in Southfleet arriving at 07:56. The last journey towards Longfield Station from Southfleet though is at 17:34, in the other direction it is at 18:27. Service C1 operates 3 services

during the day that pass through Southfleet the earliest being 09:42 and two return journeys the last passing through Southfleet at 16:06.

PROW Network

3.9 The application site is close to existing footpaths. These include Public Right of Way DR133 which runs north westwards from the end of Church Street past the churchyard and across the front of the main entrance to the application site.

3.10 From the bus-stop near The Ship PH to the site entrance via Church Street and the PROW is a distance of approximately 200m. The Public Right of Way Network in the vicinity of the site is shown on the extract from the Kent County Council Rights of Way Map (not definitive) provided below.

Cycle Network

3.11 The site is not located on the National Cycle Network. The nearest routes are National Route 1 and National Route 177, both of which are located to the north of the A2 as can be seen from the map extract below.

OS maps

- 3.12** The connecting roads between the Cycle Routes and the site are suitable for on-road cycling with care but are generally busy.

4 The development

- 4.1** Planning permission has been granted for a change of use of the existing buildings to the importation, processing, cold-storage, packaging and dispatch of produce including ready-meals/produce,

- 4.2** The applicant and the tenant PrepKitchen have confirmed the following details of staffing numbers and working arrangements.

- Two shifts
- Working hours 06:00 to 18:00 and 19:00 to 06:00
- Maximum number of staff on site 50
- 15 cars are generally parked on the site during the working day. The rest of the staff arrive in and are collected by 3 minibuses.

- 4.3** The appointed Travel Plan Coordinator will in the first instance be William Fishenden a Director of PrepKitchen, the applicant's tenant.

5 TRAVEL PLAN CO-ORDINATOR

- 5.1** As indicated above, one person employed by PrepKitchen has been appointed and will be responsible for developing and implementing the Travel Plan and collecting data. They will lead on this initiative and act as the correspondent between the local authority and the local employees. They will ensure ongoing development and implementation of the Plan, taking responsibility for liaison with external agencies as appropriate, whilst

ensuring that employees are kept fully informed of any new developments in the Plan's implementation.

- 5.2** The duties of the Travel Plan Co-ordinator will include:
- Presenting a business case to secure a budget for Travel Plan development and ensure its efficient and effective use.
 - Undertaking the Employee Travel Surveys and the supply evidence of this to the highway authority.
 - Take responsibility for data collection and review of the Travel Plan.
 - Obtain and maintain commitment and support from senior managers.
 - Design and implement effective awareness-raising campaigns to promote the Travel Plan.
 - Set up, co-ordinate and attend Steering Groups, Working Groups etc as required.
 - Ensure the travel information available is always up to date.
 - Liaise with external organisations, e.g. local authorities and small business support units.
 - Co-ordinate the monitoring programme for the Travel Plan, organising the surveys. To include target setting (in agreement with Kent County Council) and make necessary changes if the targets are not being met

6 OBJECTIVES, TARGETS & IMPLEMENTATION

6.1 It is considered that the Government's strategic guidance contained in NPPF 2023 provides a framework within which Local Authorities generate Local Plan policies relevant to general design principles of built development within their areas.

6.2 Paragraphs 88 and 89 of The Framework state as follows:

'88 Planning policies and decisions should enable:

- a) the sustainable growth and expansion of all types of business in rural areas, both through conversion of existing buildings and well-designed new buildings;*
- b) the development and diversification of agricultural and other land-based rural businesses;*
- c) sustainable rural tourism and leisure developments which respect the character of the countryside; and*
- d) the retention and development of accessible local services and community facilities, such as local shops, meeting places, sports venues, open space, cultural buildings, public houses and places of worship.*

89. Planning policies and decisions should recognise that sites to meet local business and community needs in rural areas may have to be found adjacent

to or beyond existing settlements, and in locations that are not well served by public transport. In these circumstances it will be important to ensure that development is sensitive to its surroundings, does not have an unacceptable impact on local roads and exploits any opportunities to make a location more sustainable (for example by improving the scope for access on foot, by cycling or by public transport). The use of previously developed land, and sites that are physically well-related to existing settlements, should be encouraged where suitable opportunities exist.'

- 6.3** The Framework clearly accepts rural sites may not be close to good public transport services.

Objectives

- 6.4** The primary objectives of the Travel Plan are to:
- Reduce the demand for car parking.
 - Reduce the number of employees travelling alone by car.
 - Increase travel awareness and promote sustainable travel behaviour, thus supporting the reduction of traffic congestion and pollution.
 - Ensure that all employees are made aware of alternatives to the car.
- Ensure that all employees and prospective employees are made aware of the Travel Plan.

Targets

- 6.5** In seeking to achieve these objectives and setting targets in this case it is recognised that the public transport options serving the site are very limited. Whilst Longfield Station is located on two bus routes that serve Southfleet village, the current timetables do not encourage or facilitate employees at the site to use trains/buses as an option given the working hours on site and the times the services operate.
- 6.6** It is recognised that given the site's location any targets relating to increasing the proportion of employees walking, cycling or using public transport for journeys to work will be difficult to achieve.
- 6.7** However, currently approximately 70% of the workforce travel to and from the site by minibus and only 30% drive in their own cars. The following targets are therefore offered as realistic on the table below.

Objective	Target	Current			
			Year 1	Year 3	Year 5
Reduce Drive-alone commuting					
	Brought to site by minibus/shared transport	70%	70%	75%	80%
	Drive in own car	30%	25%	15%	10%
	Car sharing	0%	5%	8%	8%
	Walking	0	0	1%	1%
	Cycling	0	0	1%	1%

Implementation

- 6.8** It is considered that the encouragement and promotion of car-sharing and the use of the shared transport are likely to produce the largest benefits in securing modal shift.
- 6.9** In terms of potential measures to support achieving targets the following should be considered and adopted.
- Consider running the minibuses via local train stations at the beginning and end of the working day to encourage more cars to be left at home and for staff to use the train network as the primary means of travel.
 - Promote car sharing through an internal website or notice board(s) in the canteen and communal areas.
 - Publicise and make employees aware of car share sites such as Kent and Medway Journey Share <https://liftshare.com/uk/community/km>
 - Provide secure cycle storage and shower facilities on site.
 - Encourage the employer to implement a salary sacrifice scheme such as Cyclescheme (<https://www.cyclescheme.co.uk/>) or Bike 2 Work (<https://www.bike2workscheme.co.uk/>)

7 MONITORING

- 7.1** The Travel Coordinator will be responsible for undertaking Employee Travel Plan Surveys in years 1, 3 and 5. A sample Travel Survey form is attached at **Appendix Four**.
- 7.2** On receipt of the results of each set of surveys, the Travel Plan Coordinator will carry out a comprehensive annual review of the Travel Plan, the purposes of which will be to measure the success of the Travel Plan and identify the potential for improvements.
- 7.3** The Travel Plan Coordinator will review progress against the Travel Plan targets with Company Management on an annual basis/following the timetabled staff surveys and seek to agree measures to further promote the Travel Plan and to enable the meeting of targets in the event the surveys indicate that the targets are not being met.
- 7.4** The Travel Plan Coordinator will ensure the Travel Plan is updated as required following the periodic reviews.
