UKSD's - Response to planning for Simon Forshaw

A 1st floor window on rear elevation, not shown on the approved plans, has been installed.

The window in question is indicated on the approved drawings.

The faux garage doors have not been installed; instead, the apertures have been partially infilled with the intention of windows being installed in their place contrary to the approved plans. Refer to amended drawings.

The external windows and roof lights of the orangery are not in accordance with the approved plans. Drawings show 5 windows and 5 connected roof lights above. The development was found to have 4 windows and 2 separate conservation-type roof lights. Refer to amended drawings.

The roof line of the garage and front connecting single-storey extension are not in accordance with the approved plans. From inspecting the plans and consulting a resident joiner, it is clear that due to the different roof pitches, the valleys will not marry up and the plans cannot be built out correctly. This statement is supported by what has been seen as built on-site. Refer to amended drawings.

Whilst on site, I was unable to locate the sole cast iron hopper. I assume this is to be reinstalled once 'redecorated' or was obscured by scaffolding. This has not been installed yet, a temporary downpipe is in place while there is scaffolding in the way.

Finally, a shed has been sited at the rear of the orangery within the curtilage of the Listed Building and thus does not benefit from permitted development rights. This issue arises once more with the siting/erection of the greenhouse forward of the principal elevation and is also unauthorised. Refer to amended drawings.
