Hi Wendy,

As standard the ATM will have the measures below. As well as personal security my client wishes to install bollards to stop vehicles using the forecourt and potential theft of the complete ATM.

Kind regards,

Hi Jon

Thanks for that I will validate the app

In the meantime please can you confirm the ATM conforms to Secured by Design standards and will have CCTV, pin shields, white lighting and mirrors. We will also require a box marked out on the floor for space of users.

Hi Wendy,

Please see attached the updated plan which now has a section through the proposed ATM.

Let me know if you require any further information.

J.

Kind regards,
