Babergh Mid Suffolk District Council  
Planning Department,

To whom it may concern,

I am the owner of Irish Sports Horse mare and have been considering for some time to put her into foal.

I live in South Suffolk and commute for work, so I travel a lot daily. For me to be able to put my mare into foal I would have to be confident that there is a reliable foaling livery yard in close proximity to my home. Unfortunately, there is a lack of this type of service in the area where I live and travelling further to find a suitable yard would not be practicable for me.

I have known Sally for a number of years as she has kept her horses at the same stables as myself and also where she has worked at livery yards. I know Sally to be a knowledgeable and confident professional and her experience with horses and foaling gives me the confidence that she will provide an unrivalled service in this area.

Sally has shown me her proposals for the new foaling livery yard and I can say that the benefit of on site security, monitoring and care for my mare and future foal is priceless.

I am in full support of Sally to operate this business and be successful in providing the services that are needed in our area for other horse owners looking to rear new foals.

Please do not hesitate to contact me should you wish to discuss.

Yours sincerely,

A large black rectangular redaction box covering the signature area of the letter.
