## METHOD STATEMENT

Ref: - Flint Works

Flint works to front elevation of above property.

Light hand tools will be used to remove cement mix and decayed lime mortar mix to a depth of 25mm.

The replacement mortar will be 2.5-part aggregate to 1-part hydraulic lime (3.5 Astier NHL Lime).

The mortar will be brushed finished to match existing.

Barriers will be in place while work is undertaken to protect public, and the pavement will be clean and tidy after every working day.

Yours Sincerely

Keith Scott
