Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed single storey rear extension is considered to comply with Schedule 2, Part 1, Class A of the The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Single-storey rear extensions cannot extend beyond the rear wall of the original house* by more than four metres if a detached house; or more than three metres for any other house.

Where not on Article 2(3) designated land* or a Site of Special Scientific Interest; and subject to 'prior approval', the limit for single-storey rear extensions is increased to eight metres if a detached house; or six metres for any other house.

This requires that the relevant Local Planning Authority is informed of the proposed work via a prior approval application.

Single-storey rear extensions cannot exceed four metres in height.

Only half the area of land around the "original house" can be covered by extensions or other buildings.

Extensions cannot be higher than the highest part of the existing roof; or higher at the eaves than the existing eaves.

Where the extension comes within two metres of the boundary the height at the eaves cannot exceed three metres.

Extension cannot be built forward of the 'principal elevation' or, where it fronts a highway, the 'side elevation'.

The work cannot include:

verandas, balconies* or raised platforms.

a microwave antenna (e.g. TV aerial or satellite dish).

a chimney, flue or soil and vent pipe.

any alteration to the roof of the existing house.

On Article 2(3) designated land* the work cannot include cladding of the exterior.

The materials used in any exterior work must be of a similar appearance to those on the exterior of the existing house.

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

- Yes
- No
