On Behalf Of: Flood Risk Management

## Comments

FRM have no objection to the variation of condition 2 to previously approved planning application 19/06803/OT. This comment is subject to the variation requiring no alteration to the revised drainage plans, ref B23116-JNP-92-ZZ-RP-C-2000-P2 and B23116-JNP-92-ZZ-RP-C-2001-P1 (submitted 15th April 2020 as part of the previously approved 19/06803/OT) which are still compliant with the original foul and surface water drainage strategy submitted and agreed as part of application 16/00790/OT.

Please note that Discharge of Conditions 10 and 11 of application 16/00790/OT still apply.
