Title

Reference

Date (must be pre-application submission)

Details of the pre-application advice received

The advice concluded that the design and layout put forward for the pre-app was not supported, as the proposed dwellings were uniform and not in keeping with existing locality. The pre-app also stated that "in principle, the Class Q fallback exists and could be utilised to create new dwellings on this site however, in its current form, it is unlikely the proposal would receive support from Planning Officers with the Class Q consent being the preferable development route in this instance as the dwellings retain their agricultural form and presence within the site and their layout creates a farmyard layout".

- (a) a member of staff**
