## Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposed work comprise of the widening of an existing driveway as the existing dropped kerb does not extend along the whole length of the front of the property which means cars park very close up to the dropped kerb, which leaves no space for the community transport buses to safely mount the kerb to drop of the client (currently the bus is having to stop in the middle of the road). The dropped kerb will be widened from 3.2 metres to 7.6 metres.

This dropped kerb application is part of an Epsom and Ewell Borough Council Disabled Facilities Grant.

The Home Improvement Officer on this case is Karen Ordoyno. Her contact details are below:
