## Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

- An existing use  
 Existing building works  
 An existing use, building work or activity in breach of a condition

**Being a use, building works or activity which is still going on at the date of this application.**

If Yes, to either 'an existing use' or 'an existing use in breach of a condition', please select the relevant Use Class.

C3 - Dwellinghouses

## Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

Use of land as a dwellinghouse, together with its access and associated outbuildings. See submitted planning statement which provides a description and evidence of history.

## Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

- The use began more than 10 years before the date of this application  
 The use, building works or activity in breach of condition began more than 10 years before the date of this application  
 The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years  
 The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.  
 The use as a single dwelling house began more than four years before the date of this application  
 Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

- Yes  
 No

Please state why a Lawful Development Certificate should be granted

See submitted planning statement.

In short, evidence is presented that the development has been in place since 1976 and the house has been continually occupied since that date. Although planning permission was previously granted in outline for a bungalow, the subsequent details did not accord with that permission, and the property was not built at the location shown on the approved plans. Therefore all permissions and their associated conditions have no basis in law. This application seeks to regularise matters.

## Information in support of a Lawful Development Certificate

When was the use or activity begun, or the building works substantially completed (date must be pre-application submission)?

25-03-1976

In the case of an existing use or activity in breach of conditions has there been any interruption?

- Yes  
 No

In the case of an existing use of land, has there been any material change of use of the land since the start of the use for which a certificate is sought?

- Yes  
 No

If Yes, please provide details

Sheds and other outbuildings added, but no material change to the dwellinghouse.

## Residential Information

- Yes  
 No

## Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes  
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent  
 The applicant  
 Other person

## Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

Yes

No

## Interest in the Land

Please state the applicant's interest in the land

Owner

Lessee

Occupier

Other

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Yes

No
