# Why choose us?

With thousands of home improvement companies around the country, it's important to realise the level of quality and service can vary greatly. You can rest assured that with SolarFrame, you are dealing with a company who's quality standards are endorsed and approved with an ongoing commitment to customer care.

## Made In Yorkshire

We're proud to say our products are manufactured right here in our own factory. We use high quality components all sourced from UK based suppliers.

## Dedicated Team

Sit back and relax - our dedicated team will do all of the work; from the initial building regulations and planning permissions to the buffing of windows after fitting!

## High Quality

Rest assured all of our products are the highest quality - fully tested and backed by industry accreditations to ensure energy efficiency, security and durability.

## Bespoke Design

It's not a case of one size fits all - your home is unique and that's why our experts to help you to create the perfect space for you and your family.

## Fully Guaranteed

From PVCu to Aluminium frames, hinges, handles and roof tiles. All of our products are covered by a 10 year guarantee to give you ultimate peace of mind.

## Product Choice

Every home is different, and that's why we offer a wide range of products in a variety of colours. All that remains, is you to decide which to choose!

## The next steps...

### Before Installation...

#### Your Coordinator

Once you have placed your order, you will be allocated your installations coordinator. They will be your point of contact throughout your installation.

#### Survey

Your full technical survey will be arranged, this is so we can get all the correct measurements and answer any final questions or concerns before we go into production.

#### Manufacturing

Every product is bespoke made, specifically for your home. Our experienced team use high quality components and follow industry regulations to maintain high quality.

### During Installation...

#### Final Confirmation

Your installations coordinator will give you a call to schedule in your start day, re-confirm everything and give you an estimated completion date

#### Installation Day

Our highly skilled installers will treat your home with the utmost respect and ensure the whole process runs smoothly, efficiently and with minimum fuss.

### After Installation...

#### Aftercare

As your installation nears completion, one of our technicians will arrive and make sure your home is left clean and tidy.

We hope you are happy with our quotation and are looking forward to starting your project as much as we are!
