Hello  
The amount of crown reduction I am proposing is about 6 metres, not impacting the main trunk of the tree. I would rely on the tree surgeon to undertake the reduction whilst maintaining the overall shape of the tree.  
Best Regards  
Robert Halliwell

Hello Mr Halliwell,  
Thank you for your tree application which has been given the above reference number.  
Please can you confirm the approximate amount in metres (not %) that you are proposed to crown reduce the Lime tree by (please see "Crown Reduction" in attached guidance notes).  
Once we receive this information, we can then make the application valid.  
Kind Regards,  
The Development Management
