

**Key**

Italian Cypress trees

Laurel Hedging ( as existing )

**Planting regime.**

All existing Laurel perimeter hedging will be retained and maintained at existing minimum heights.

Laurel hedging on East boundary where poor quality will be reinforced with new planting on bank, plants will be 1500 high, established bushes planted at 900mm centers to form immediate screen.  
New planting to North boundary, will be Italian Cypress trees, minimum 2000mm high specimen's set approximately 2100mm apart.

All new planting is to be carried out in accordance with BS 8545 recommendations, and be fully maintained for 5 years from planting.

EAST LANE

New Laurel Hedging

Existing Laurel Hedging 2.75m high
