

Rear of 97 Blackgate Lane, Tarleton, PR4 6UT - Site Logistics Plan

The site is currently populated with buildings of varying types of construction and in varying degrees of repair. Once demolition is completed (By P Marquis demolition), the construction team will set out the site for the construction phase. Included within this will be site cabins for welfare and offices, storage and laydown areas, and directional signage for delivery and waste removal vehicles.

Below is the site in its original condition.

Access for all traffic will be from 97 Blackgate Lane, with a speed limit of 5MPH. Construction areas to be segregated from access road with Heras fencing. Proposed site setting out below:-
