

NOTES

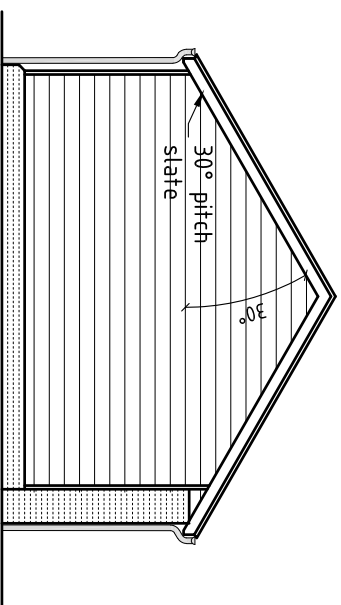

1. THESE ARE PLANNING DRAWINGS AND ARE FOR THAT PURPOSE ONLY
2. THESE ARE NOT TO BE USED FOR CONSTRUCTION

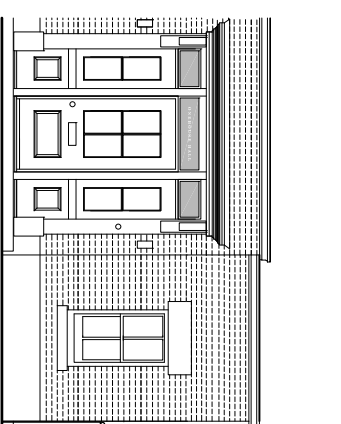

Garage East Side Elevation

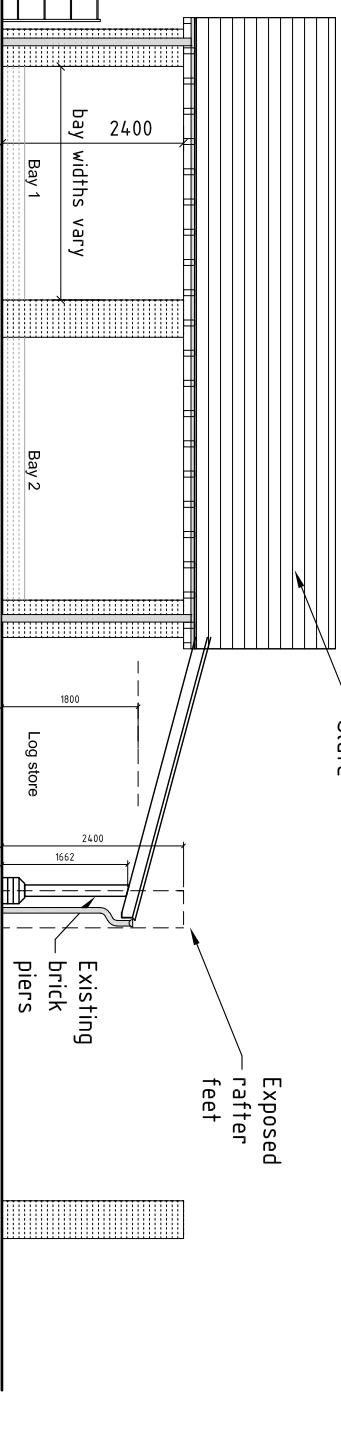

Garage North (Rear) Elevation

Garage West Side Elevation

Garage South (Front) Elevation

Notes Generally

Rainwater goods
Black UPVC gutters and downpipes

External finishes

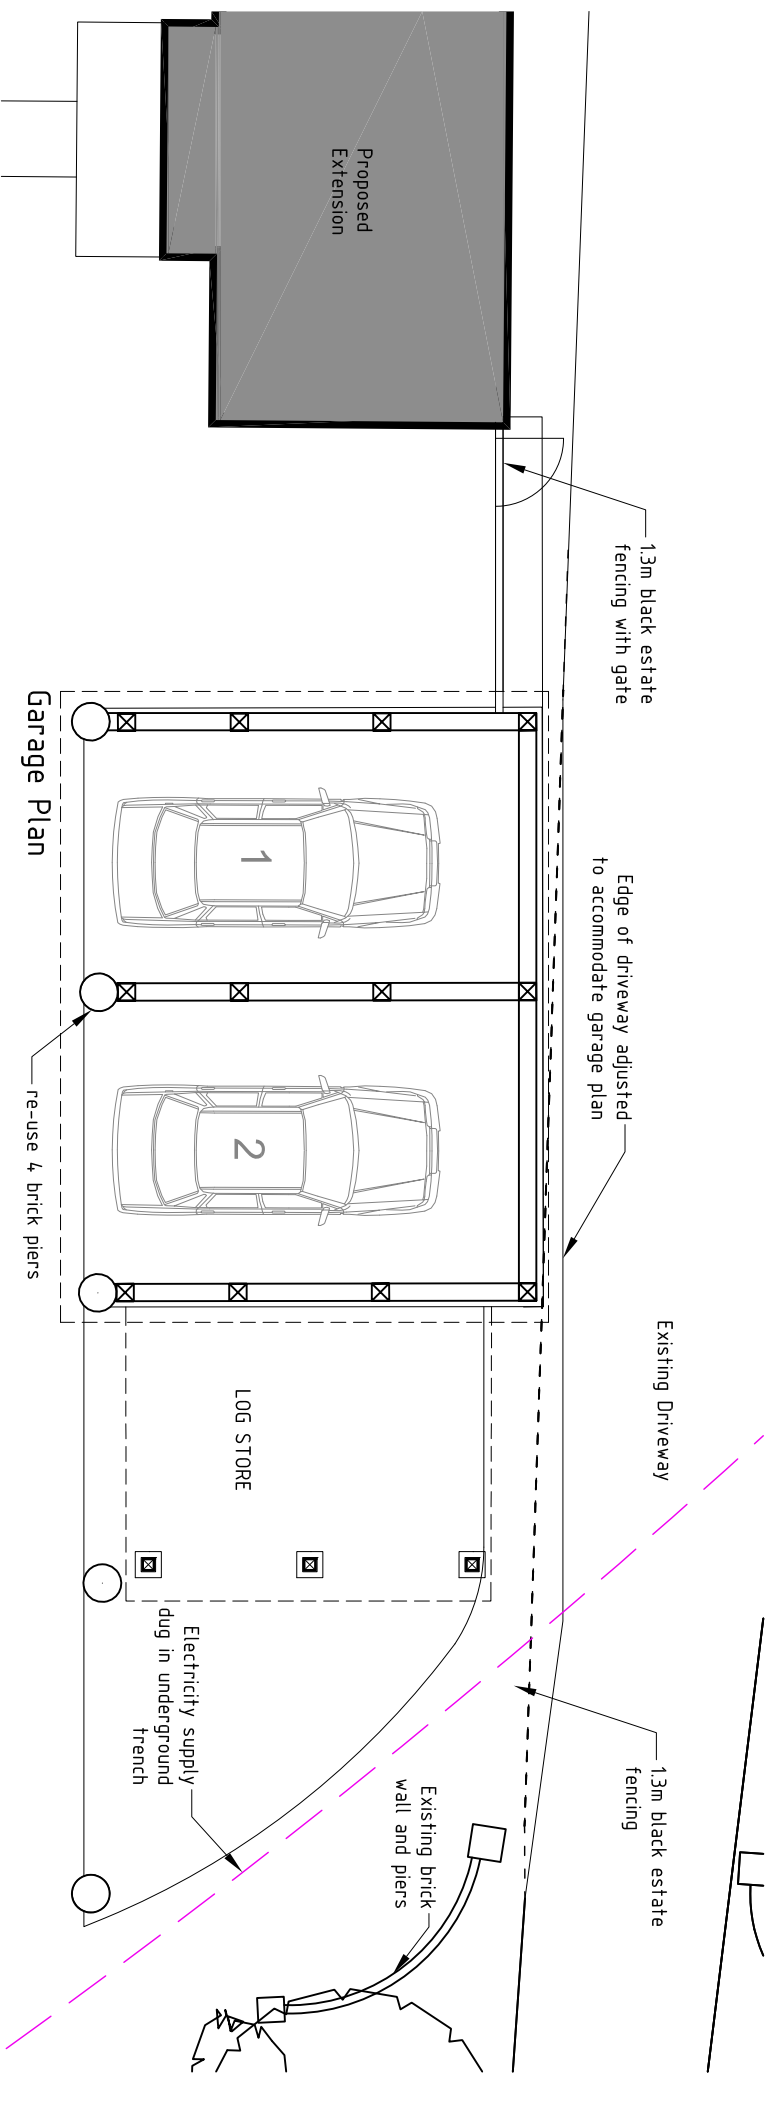

The garage and log store shall be oak timber framed with low level brick plinth. Garage bays and log store to be open sided, as a cartlodge.

Cladding of Garage to be horizontal silvered weatherboard. Slate roof is proposed to the Garage and the Log store.

Driveway

The new section of driveway will be laid with a gravel finish on an open graded aggregate sub-base of min. 200mm deep, on a geotextile layer, all laid on the compacted soil.

A strip of block paving or asphalt at the entrance gate will be laid to limit the loss and spread of gravel from the drive.

Garage Plan
