**Identification Of Tree(s) And Description Of Works - Please identify the tree(s) and provide a full and clear specification of the works you want to carry out**

Previous Answers:

A reduction of 3/4 Scotts pine trees situated in the woodland area to around 12m above ground level.

A reduction of an Oak situated on the Grass verge to around 12m above ground level.

The work is needed to be done due to a telephone communication masts to be upgraded and the trees would interfere with the signal.
